

Nampa Bicycle & Pedestrian Citizens Advisory Group
Minutes for May 19, 2009, 7:00 p.m.

Attendance: Tyler Welshimer, Cynthia Reynolds, Kathleen Cookman, Worth Montgomery, Bruce Wiley and Chris Lawrence. (Chris was late after being run off the road by a car on Karcher by the Sugar Factory. Bruised by ok.)

City Council meeting report from the previous night

Representing NBPCAG for the meeting were Cynthia, Kathleen, Bruce and Chris. Our green shirts were recognized by the council I think! Besides the mayor, council members present were Kren, Thorne and Homer. The funding was unanimously approved without discussion pertaining to our interests.

Channel 2 did a great segment on safe bicycling and the bicycle laws on Monday night.

Bike and Walk Week review

Worth thought the week's schedule should be on the front of the posters, all present agreed. Need to brainstorm more ideas to bring people to the B&W activities. Mayor's ride and Saturday at Farmer's Market seemed to be the biggest successes. Since there are many more recreational riders than commuters in our area do we need to draw more from that segment? Would starting a bike club in Nampa help?

New Business
